

## Guidelines for Exam Corrections

5% of your final grade is based on the corrections of the two midterms. Here are the guidelines:

—you should write a correct solution for every problem you got points taken away in the midterm

—each problem will be worth 1 point. The solution needs to be perfect to get the credit

—you should attach the solutions to your midterm when you hand them in

—corrections for midterm #1 are due Friday March 4 in class.
