Assessment

- **Webwork** : starting week 2, online homework assignments every Thursday on WebWork, due on Friday of the following week at 11 pm. 8 assignments in total.
- **Quizzes** : 7 quizzes, one on each Thursday's discussion except during exam weeks and starting week 2. Lowest quiz grade dropped. No make-up quiz.
- **Midterms** : 2 midterms during regular class time in our usual classroom :
 - Midterm 1 will take place on Wednesday, April 26.
 - Midterm 2 will take place on Wednesday, May 17.Except in the event of an emergency, no make-up exam.
- **Final exam** : on Saturday, June 10 between 1:30 and 3:30 pm, common to all Math 2B classes. Room TBA.

Final grade

The **final grade** will be computed according to the following distribution :

Course requirement	Percentage of grade
Final exam	40%
Midterm 1	20%
Midterm 2	20%
Quizzes	10%
Webwork	10%

The overall course grades will not be curved.

Suggested homework problems

- Each Monday, problems from the book will be assigned, covering the sections that will be treated during the week. You can find them on the class page.
- Detailed solutions of those problems will be posted on the same day also on the class page.
- Not collected or graded, but strongly recommended.
- Quizzes and exams will be based on similar exercises.
- If you need some help to solve these problems do not hesitate to go to the tutoring center or contact me or Robert.
